

### We care about the Environment

By refraining from inserting a full printed manual with our Argon Audio products we save more than 20 tons of paper each year. You can find a full User Manual in PDF format for this product on; [www.argonaudio.com](http://www.argonaudio.com)

**See back side of this insert for Quick start guide**

### Safety

#### Safety Instructions

- Unplug this product from the wall outlet before cleaning. Do not use this product near water or moisture. Do not spill liquids on the product. Clean only with a dry cloth.
- Place the unit on a solid surface.
- Do not put it in a closed bookcase or a cabinet that may keep air from flowing through its ventilation openings.
- Do not install near any heat sources, such as radiators, heat registers, stoves or other appliances that produce heat.
- Protect the power cord from being walked on or pinched, particularly at plugs and the point where they exit from the product.
- During Lightning storms, unplug the product from the power source or if unused for long periods of time. This will prevent lightning and power-line surge damage to the product.

- Do not attempt to service this product yourself. Opening or removing covers may expose you to dangerous voltages or other hazards. Please contact the manufacturer to be referred to an authorized service center near you.
- Do not overload wall outlets, extension cords, or integral power circuits as this can result in a risk of fire or electric shock.
- Never push any object through the product openings, as this can result in fire, electric shock or damage.
- Use proper power sources. Plug the product into a proper power source, as described in the operating instructions or as marked on the product.
- If your product or remote uses batteries, do not expose the batteries to excessive heat such as sunshine, fire or the like. Caution; Danger of explosion if batteries are incorrectly replaced.  
Replace only with the same or equivalent type.

If there is a Lightning flash with an arrow head on the product, it's intended to alert the User of the presence of un-insulated "dangerous voltage" within the product, that might be of sufficient magnitude to constitute a risk of electric shock to persons.

If there is an Exclamation point on the product, it's intended to alert the User that there is important operating and maintenance (servicing) information in the User manual.

If there is a double rectangular symbol on the product, it means that the product is double insulated. Earth connection is not required.

### Quick start

#### Start up

1. Make sure your Wi-Fi Router is On, and/or connect the Adapter to the LAN plug on your Router and then to the Adapter Download the free control App. named UNDOK from either Google Playstore or iTunes stores on to your mobile device.
